News Release

Continental Motors Group starts construction of greenfield factory in Mobile, AL

Mobile, Alabama, August 3, 2018 -Continental Motors Group Ltd. (CMG), an AVIC International Holding (HK) LTD company (HKEX: 232.HK), announced today that the foundation work for their new manufacturing facility has started. The new facility will be nearly 275,000 square feet (25,000 m²) with the majority being dedicated to advanced engine and parts manufacturing for all Continental Motors Group product lines. It will be populated with brand new manufacturing equipment and include a special area designated for evaluation of new manufacturing techniques and processes, including additive manufacturing and automation.

Building a new factory is only one part of the \$75 million plan to profoundly transform Continental Motors and the way the company designs, manufactures, certifies, and support products. CMG is also building a new customer and technology development infrastructure that will allow its team members to better focus on building customer satisfaction and develop innovative new products.

"Continental Motors® has been a big part of the local Mobile community for over 50 years and is pleased with the community support that allows us to renew our commitment to the region and our great team members for many years to come. The "greenfield" facility will modernize our manufacturing processes into a world class, high productivity, vertically integrated center of manufacturing excellence among the aviation cluster in Mobile, Alabama, USA," said Mr. Michael Skolnik, Executive Vice President Global Operations.

Continental will hold a job fair on August 4, 2018, to meet its immediate recruitment needs and to better inform the public of the career opportunities offered by the aerospace industry. This is another demonstration of Continental Motors' involvement in the community around Mobile Bay and its commitment to participate in Mobile's economic development.
