1. Maintenance information is provided in the engine Operator's and Overhaul Manuals.
2. Illustrated parts available on current production engine specifications at <http://www.continental.aero> (formerly www.tcmlink.com) in real time. Contact our call center staff at 888-826-5465 (1-251-438-8299 International) for more information.
3. Black highlight indicates Parts Catalog is outdated and not for current production engines. See electronic parts catalogs on Continental Aerospace Technologies web site for current parts data.
4. Maintenance and overhaul instructions combined in same manual.
5. Revision formats document to print properly and adds a disclaimer to front cover indicating product listings are for non-production engines only.
